

Job Vacancy 'project manager sustainability and valorisation'

At ABSint, we are passionate about how biotechnology can improve society. Our contribution is to help bridge the gap between academic research and industrial application in the biobased economy. We guide academic and industry clients in navigating the complex regulatory world surrounding biotech R&D, we develop strategies to optimize the use of intellectual property, we nurture sustainability mindset and we assist with the valorisation of research results. You can find more information on our website www.abs-int.eu.

ABSint often operates as a partner in large EU funded research projects. We are now looking for a broadly interested scientist who will co-manage a portfolio of such projects. You will also contribute to the work we do on sustainability and valorisation in these research projects.

Job description/Your role

- You manage a portfolio of EU funded research projects, in which you will be responsible for the deliverables and the budget;
- You do research on a wide range of topics related to sustainability and valorisation, such as LCA and market analysis;
- You assist the CTO with identifying new calls for grant applications, and help with the grant writing.

Your profile

- You have a broad knowledge of biotechnology and biotechnological applications;
- You have a keen interest in sustainability and valorisation;
- You are an inquisitive person, like to take initiative and you can work independently;
- You are good with deadlines, with managing budgets and you write well;
- You have at least 3 years of work experience, preferably in both academia and industry;
- You are fluent in English; knowledge of another EU language is desirable.

Our offer

- A fulltime or part-time, permanent contract;
- Possibility to grow within the organization;
- The responsibility and freedom to really make a difference;
- Competitive salary package and flexible working hours;
- You will be partially home based, partially in our office in Bruges (Belgium).

This vacancy will stay open till a suitable candidate has been appointed. Please send your application letter, including your CV and the names of 2 referees, to jobs@abs-int.eu
